

PRESS RELEASE

September 15, 2008

Catalina Cylinders News Flash!! Catalina's Director of Quality Assurance, Mr. Ward Dekker, has transitioned into Garden Grove, California Facility's - Sales and Marketing Manager. Ward has been in the aluminum industry for 25 years, 18 of which have been focused in the High Pressure Aluminum Cylinder arena. His expertise in all aspects of quality has given Catalina Cylinders an edge over their competition. In this new position, Ward's exceptional organizational and quality skills will continue to grow Catalina Cylinders as the preeminent supplier of High and Low Pressure Aluminum Gas Cylinders.

Catalina Cylinders is also pleased to announce their newest staff addition, Mr. Bob Lance as the Quality Assurance Manager for their Garden Grove, California facility. Bob has been in the High Pressure Aluminum Cylinder industry for 34 years! He brings with him vast knowledge of quality systems and extensive experience in the aluminum cylinder industry. With Bob's expertise and Catalina's dedication to superior quality products, our quality team is sure to be unsurpassable. Catalina feels extremely fortunate to bring aboard such an esteemed staff member.
